

Year 3's trip to Belsize Square Synagogue 25th March 2024

When we arrived the synagogue, we were met by Caroline, the head teacher of the education centre there. She talked to us about the importance of a synagogue to the Jewish people and how we can ensure we are being respectful.

Caroline opened the special cupboard where all of the Torahs are kept. We stood up to be respectful.

Then we did a scavenger hunt. We had to find lots of different items that were 'hidden' around the synagogue.

Caroline ended the session by saying the prayers that Jewish people say to welcome Shabbat. She lit two candles and then we even got to try some grape juice and challah bread!
