

# Reception's Summer Term

## PSHE Week: living in the wider world

We thought about people that help us in the community and made cards to send to The Royal Free Hospital to say thank you.

For Eco-Day we learnt that biodiversity means lots of different plants and wildlife and that biodiversity is really good for the environment. We went on a mini-beast hunt in the school gardens and found so many creepy crawlies!

We learnt what rules are, why they are needed, and why different rules are needed for different situations. We re-signed our class charter, promising again to look after each other, listen, be kind and tidy up.

We played some team-building games together as a class and thought about building positive relationships. We also shared the different teams and groups we are members of such as football teams, dance clubs and more!
