

Well done, Year 1! You presented all your learning so clearly and confidently to a very big audience in your class assembly!

You shared two brilliant songs linked to your learning about plants in Science and about how to make a delicious fruit salad in DT!

June 2024

We loved the way you shared your super hero dialogue with some very funny acting and your super hero scenes were super, using lots of different paint and collage techniques.

You have been busy helping others! We heard all about your litter pick on Hampstead Heath to help to care for our local environment. You are also looking forward to entertaining the elderly people at Henderson Court as part of your learning about the right to take part in a wide range of activities to support well-being.
