

REDUCE SPEED

PSHE Week in Year 5! Becoming an Active Citizen Junior Road Watch

REDUCE SPEED

Year 5 teamed up with the local police to help them combat speeding in our local area.

When we caught a motorist speeding, the officers would stop them and offer them an ultimatum: either they pay a fine or they report to Year 5!

Using a list of pre-planned questions, we asked the speeding motorist why they were speeding and if they had stopped to considered the potential consequences of their speeding.

The police officers taught us how to use speed detection guns to check the speed of passing cars.

May 2024

With the help of the police officers, we were able to educate and hold speeding motorists accountable!
