

Buckingham Palace Year 3

On Monday 30th September, Year 3 went on an amazing class trip to Buckingham Palace to learn about Queen Victoria and how Buckingham Palace has changed over time. We started by climbing the Grand Staircase, learning about Queen Victoria and her family. This led us to the Throne Room. We heard about the different thrones and discussed the Royal Ciphers we could see.

Following this, we went to the picture gallery and discussed the painting above of Queen Victoria and her family, before heading into the ballroom and looking at another royal portrait: this time of King Charles III. Finally, we made our way through the dining room, and into the white drawing room. It was a very fun trip, and we learnt a lot.
