

# School Council 2024 Camden Takeover Day!

Children from Year 6 and 5 in School Council went to Camden town hall to take part in a 'Takeover Challenge'. We sat in the council chambers and really enjoyed listening and debating with children from lots of different schools about mental health and safety in Camden.

We presented our own ideas and suggested some of the following things to help keep young people safe in Camden:

- More safe spaces to cross busy roads
- Stickers in shop windows to tell children they are safe spaces to get help from
- More education in school from the police about keeping safe
- Advertisement in schools about where families can go to get help, like food banks.

We met the Mayor and she presented us with our certificate and badges!
