

# Year 1's CAP 2024

Year 1 have been learning about **Article 27** from the UNCR. This article is about every child's right a safe home. In class, we learnt that unfortunately not all children have a safe place to call home. We discussed what it means to have a safe home and decided it is somewhere where you are loved, protected and cared for. We created artworks based on photos of our own homes to promote Article 27.

We were inspired by the Australian artist **Howard Arkley**. He used airbrushing and stencils to create brightly coloured artworks of houses in Melbourne, Australia.

First, we practised mixing primary colours to make secondary colours. Then, we used carbon paper to trace outlines of photos of our homes.

We then used our colour mixing skills to paint each section. We started by painting the sky and went on to paint more detailed sections such as the trees and windows. Finally, we used a sharpie pen to outline our homes.
