

Year 4's Trip to St Albans Cathedral January 2025

Then, we learnt about Saint Alban. We put on costumes and acted out the story of Alban protecting a Christian priest during the Roman rule of Britain, when Christians were persecuted.

We went to St Albans Cathedral to learn about the Romans. We first spent some time learning about the mosaics that the Romans made that were found in Roman ruins in St Albans, then we all had a chance to make our own.

Next, we walked through the Cathedral and a few of us had the chance to hold and try on replicas of Roman armour.
