

Well done, Year 1! You presented all your learning so confidently and clearly in your summer term class assembly!

You showed us some amazing artwork: your clay tiles and your beautiful flowers inspired by Georgia O'Keeffe were fantastic.

We heard some amazing parts of the stories you wrote inspired by your theatre trip to see Beegu!

You shared two brilliant songs linked to your learning about plants in Science and about how to make a delicious fruit salad in DT!

Once upon a time there lived a huge, pink alien called Moop. Moop lived on a sparkly planet called planet Smoosh. One day, Moop was exploring planets and got lost! Moop crash landed on earth. She really wanted to get back to her mummy and daddy.

Beegu is an alien from outer space. She has long, floppy ears and I imagine she has big, round eyes. She is particularly lonely and frightened. She has short legs and arms. She is courageous and curious when she meets strangers like puppies. Beegu has a special alien language and instead of 'mum' she says 'smoosh.'
