

Belonging to something bigger!

As part of our Happiness Project, we have been thinking about how it is important to 'belonging to something bigger', which we know can bring us meaning and happiness in our lives. We thought about all the groups and teams which we belong to, including our four school Houses. We learnt all about the four House names and the famous, artistic Hampstead residents they belong to: Du Maurier, Bliss, Constable and Stevenson.

We celebrated 'belonging' by working together in our House groups to create a giant jigsaw which we then fitted together to show that we all belong to Christ Church School, too!
