

Well done, Year 6, for a super class assembly telling us all about your week away on school journey. You presented an amazing poem all about the giant swing, paddle boarding, climbing, archery, abseiling, fencing and much, much more! It was wonderful to hear about the way you supported each other, worked together, overcame anxiety, built your resilience and tried lots of new skills!

I TRIED  
SOMETHING  
NEW

Abseiling down like a secret spy,  
From towers so tall we could almost touch the sky.  
Some felt the fear, but all were so brave,  
Conquering challenges, strength we gave.

Then the sea came in view, a magical sight,  
We cheered and we shouted, our joy taking flight.  
Bags shoved in rooms, we were ready for fun,  
A whole list of activities taking place in the October sun.

Orienteering had us searching for clues,  
Reading the map and choosing our routes.  
North, south, east and west led the way,  
We worked as a team and did not go astray.

Off to Portland, another great day,  
Into our wetsuits without much delay.  
Tied up the barrels, the logs and the rope,  
Raft building tested our teamwork and hope.
