

Year 1 Heath trip - 18.11.25

As part of our Happiness Project this week, we have been focusing on the importance of friends and family. We have been thinking about different types of families and how our friends and families make us feel loved and cared for.

We thought about the different people in our families and made family portraits of family members using nature on the Heath.

We worked together in groups and used sticks, stones, leaves and conkers to create the different body parts. At the end, we had a mini exhibition and each group shared their creations with the class.
