

Reception's first trips to Hampstead Heath

"Being in the nature is my favourite thing to do at school, look this fallen down tree is so fun!"

Reception have started their visits to the Heath and have really enjoyed exploring nature and using nature to support our learning. On our first visit we read the story of the Gruffalo before using eco-clay and nature to create some fearsome faces on the trees! Some had real prickles!

"Climbing trees is tricky but I think I am getting better"

We wore our wellington boots so we could go in the muddy puddles!

We all enjoyed having a drink and a biscuit before our big walk back to school!
