

Year 3's CAP 2025

Year 3 focused on the Happiness Project theme of Simplicity and what it means to slow down and take in the world around us. We were inspired by the work of Andy Warhol, particularly his silkscreen print series *Flowers* (1964–70).

Andy Warhol

Agnes

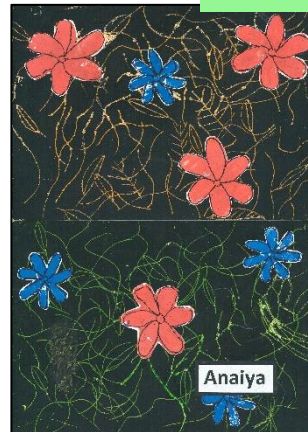

We started by covering pieces of paper in oil pastel to create a waxy surface. We then covered this with a paint-washing up liquid mixture.

Next, we created printing blocks of flowers before using them to print vibrant colours, just like Warhol.

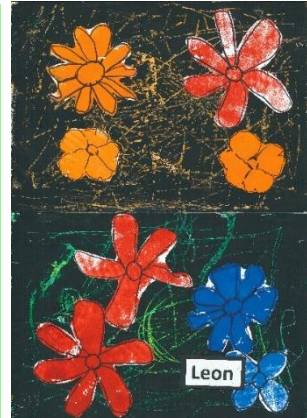

Then, we could use a point to scratch off the paint and reveal the oil pastel below.

Anaiya

Finally, we outlined our flowers before cutting them out and arranging them on our background.
