

Year 5's CAP 2025

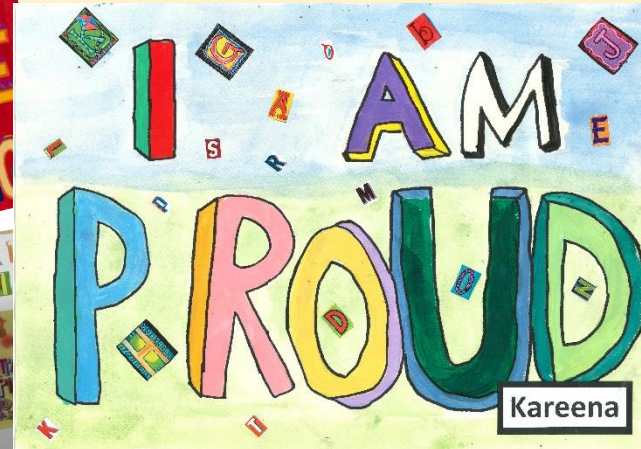

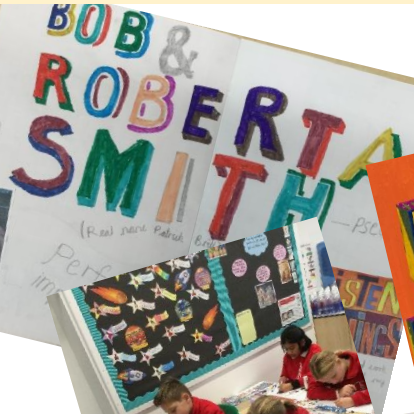

Year 5 focused on the Happiness Project theme of **Celebrating Differences** and how important it is to value and understand our own uniqueness. We were inspired by the work of contemporary artist **Bob and Roberta Smith** (which is a pseudonym for Patrick Brill, b. 1963), who is famous for his slogan art and typography.

Patrick Brill
AKA Bob and Roberta Smith!

We started by creating an artist study inspired by Brill's work.

We painted our backgrounds using watercolour paint and took inspiration from Bob and Roberta Smith's lettering to create our own bold, painted letters in acrylic.

We came up with our own slogans to promote and encourage others to value their differences.
