Fantastic assembly, Year 5! Thank you for presenting all your learning in such a professional and entertaining way!

December 2025

You taught us all about the impact of the Anglo Saxon and Viking invasions of Britain. We learnt about the seven Anglo Saxon and the Viking raids. You also taught us so many interesting facts about King Alfred the Great and sang us a brilliant Viking song!

You told us all about your trip to Kenwood House where you learnt about the Dutch artist, Johannes Vermeer. We all enjoyed trying to spot the differences between the two paintings!

You should eat more Oreos because they're one of the most unique and delicious biscuits to ever exist. Since they come in packs, you can carry them wherever you want. If you eat an Oreo, your mouth will be filled with the delicious taste of cream and you will hear an irresistible crunch. After eating an Oreo, you will feel so energised that you will think you could run a marathon! Although eating too many of them is unhealthy, they are worth it because just one Oreo can make even the saddest person jump up and down with joy. 99% of people say they feel instantly happy after eating just one Oreo! Who doesn't want to feel energised and happy?

Your Anglo Saxon brooches inspired by your visit to the British Museum were amazing.

We also loved hearing some of your persuasive writing!
