

Amazing assembly, Year 6! Well done!

Thank you for such an informative and well presented assembly – we all learnt a lot from your clear and professional explanations!

You shared all your learning in Geography about how the world is divided by lines of longitude and latitude and into different time zones. You also explained your history learning all about the influence of the Ancient Greeks on our world today, including ideas such as democracy and the Olympics.

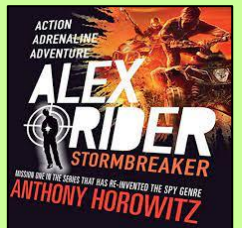

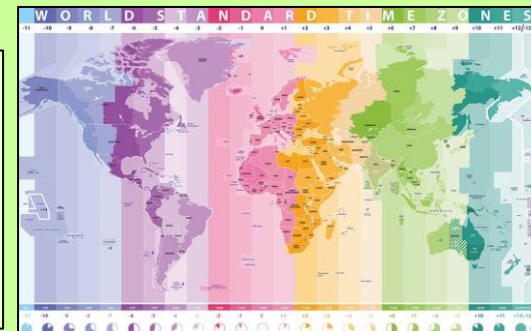

Anthony uses a range of techniques and words to create a vivid image in your mind. Anthony uses words that get the job done with an A star. Powerful verbs such as "lunged," "scrambled," "hurtled," and "mystery" create tension and hooks you into the book. Even when Alex is scaling the side of a building, Horowitz still finds time and space to add vivid and imaginative vocabulary, perfect for young minds looking to find a good book to hide their nose in.

You told us all about your work in English based on the book *Stormbreaker* from the Alex Rider series and you shared some of your excellent writing with us.

We loved seeing your pots inspired by the Ancient Greek pots you saw at the British Museum!

January 2026

We loved the sneak preview you gave us of your performance of 'Everyday People' – your singing was fantastic as was the piano playing!
