

# Reception and Year 1 scooter training

This week we have been thinking hard about keeping ourselves safe and healthy! We were lucky to have an instructor come in from Camden Council to teach us all about road safety on a scooter. We practised stopping and using the brakes as well as learning to stop, look, listen and wait when trying to cross the road. We spoke about safety equipment and the importance of a helmet. We are now scooting safety pros!

"We wore our helmets to keep us safe!"

"We had to complete different obstacle courses and go around cones."
