

Belsize Square Synagogue trip

Monday 2nd February 2026

We went to the Belsize Square Synagogue as part of our learning on Judaism. While there, we learnt all about different Jewish traditions including what happens during a service and shabbat. We really enjoyed exploring the synagogue and looking for important symbols and objects such as the Star of David, menorah, kippah, talit and Torah scrolls and yad.

We learnt about the roles of a Rabbi and cantor in a synagogue.

This is a shabbat table with candles, Kiddush wine and challah bread. We really enjoyed tasting challah and grape juice!

We were also lucky enough to see all of the Torah scrolls, kept safely in the Ark.
