

What a wonderful assembly, Year 3! You shared lots of your learning with so much confidence.

Your 3D relief Egyptian death masks were spectacular! You explained really clearly how you transferred your 2D design to a 3D mask and how you took inspiration from real death masks.

Inside the deep, dark, scary cave lived Medusa. It was very foggy, dark and misty, the only thing you could see was her snakes. The cave was damp and you could hear the sound of venom dripping from the snakes mouths.

Deep inside a dark, creepy, empty cave Medusa is lurking in the distance. Broken shield and rusty swords lay around her. Hissing twisting snakes coil and slither across her head, their emerald scales glimmering and flickering.

As you look up close, Medusa's eyes are filled with faintly shadows. Her sharp, merciless eyes could freeze a brave hero in a single moment. Around the cavern are terrified faces, trapped forever in stone.

We heard some fantastic, descriptive pieces of writing all about Medusa that you had written as part of your English topic on Ancient Greek Myths.

We loved your song all about swimming – it was very catchy! – and you all made great progress in your swimming lessons.

You shared lots of fascinating facts from your RE learning about Judaism and your History learning about Henrietta Barnett and the disused North End Tube station.
