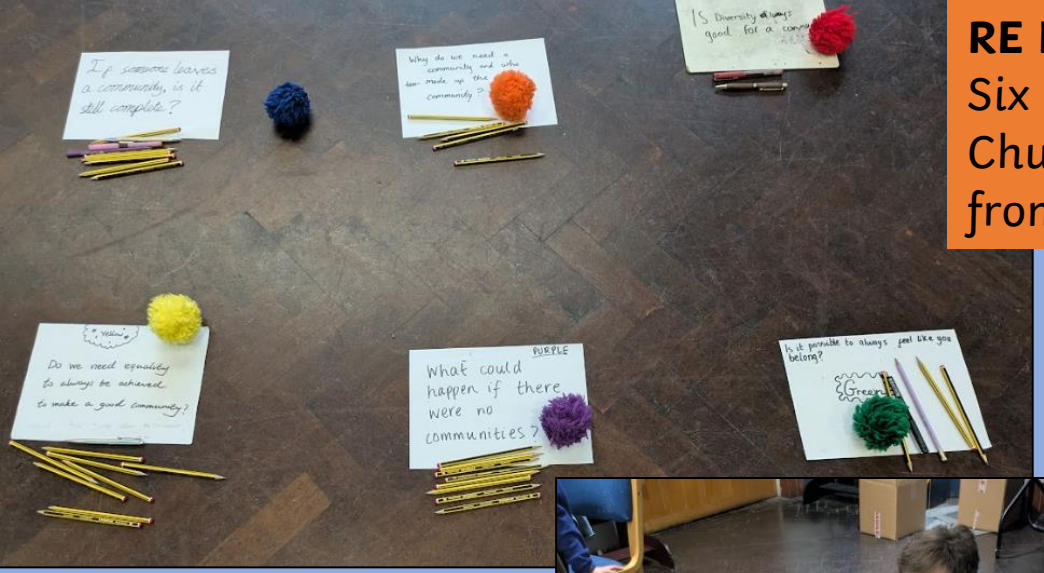
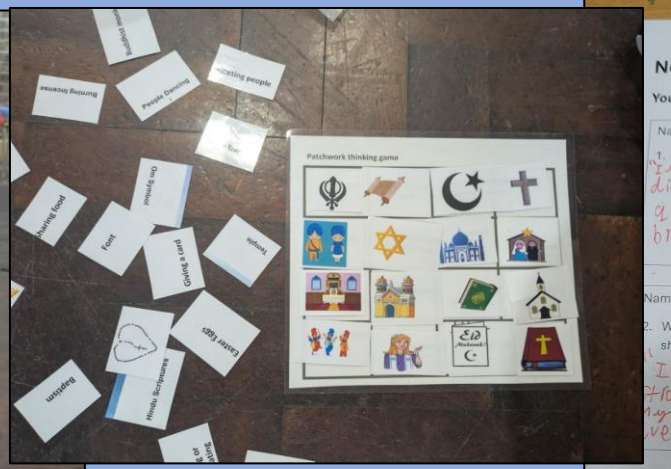
RE Matters Interfaith Day **February 2026**

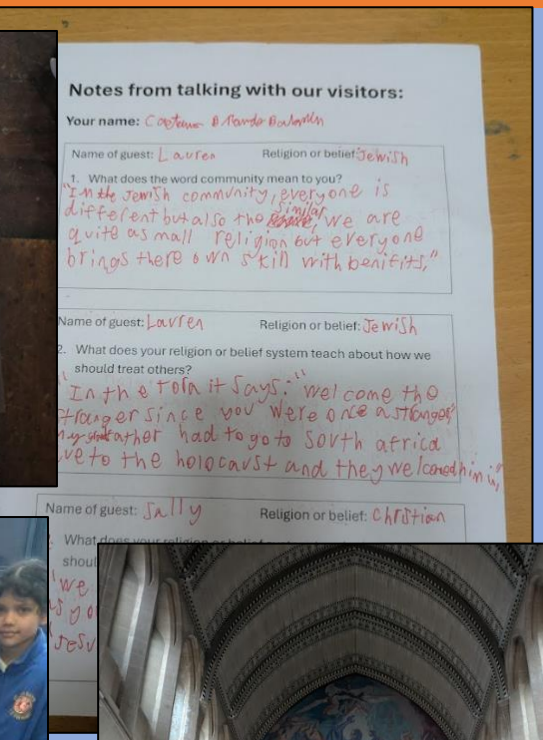
Six Year 5 pupils represented the school brilliantly on a trip to St Alban's Church Centre for the RE Matters event, where we worked with children from other local schools and focused on defining the word 'community'.

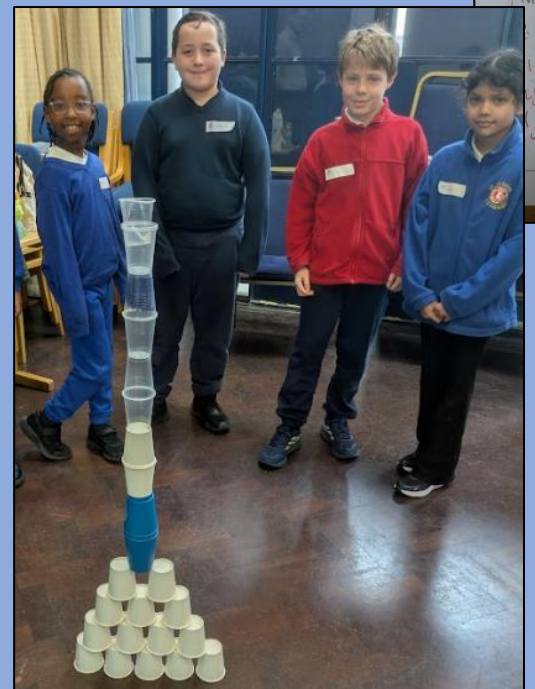


We came up with questions in groups and decided to debate:

If someone leaves a community is it still complete?







We also met different faith group leaders to support our ongoing definitions of community. It was fascinating to hear about how different faiths think and believe the same and differently.

The children were so engaged and it was great to meet Year 5s from other schools!
