

Fabulous assembly, Year 5! You shared your learning in such a fun and interesting way!

We heard some amazing writing describing Oberon and Titania from Shakespeare's 'A Midsummer Nights Dream'.

You sang fantastically and taught us all about the water cycle, too!

Oberon, who is a mighty king, rules with power.
Oberon, who's also majestic, hides in the shadows and his dazzling eyes, which pierce through the dark, control the minds of others. His loud rumbling voice echoes around. His fierce glare makes others feel petrified, even from a distance.

Your balanced argument about whether the weekend should be three days long was presented brilliantly – you shared some great points for and against!

Titania, who is beguiling and elegant, rules over the magical forest with a voice as soft as falling snow.
Titania, whose hair is silver, wears a luminous gown which sparkles like a disco ball and moves like a curtain in the breeze. The moon shines upon her wings like crystal glass.

You taught us all about David Hockney's photo collages which became known as 'joiners' and taught us about surrealism. Your own photo collages were fantastic!
