

Year 1's trip to the National Gallery

Children in Constable House really enjoyed the opportunity to see some of John Constable's work up close.

Year 1 had a wonderful time at the National Gallery on Monday 22nd June. We went on a guided tour all about places and spaces. We explored the galleries and learnt about the foreground and background and how perspective makes things look smaller in the distance. We looked at places and spaces in natural and urban environments.

We also looked at famous paintings by Rubens, Constable, Van Gogh, Monet, Turner and Canaletto.
