

Super assembly, Year 3 – well done! Thank you for sharing lots of your learning with us in such an interesting way!

We loved your song all about rocks and soils; it taught us so much and you sang brilliantly!

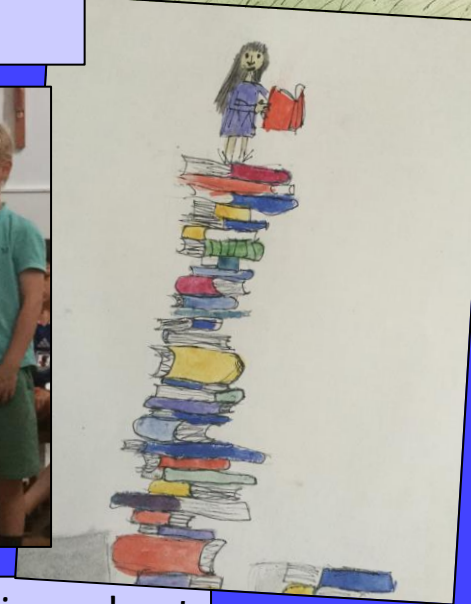

We also loved seeing your Quentin Blake-inspired front covers!

Your recorder performance and Ceilidh dancing were fantastic!

You shared all of your amazing science learning about plants; rocks and soils; and animals including humans and you told us about all of the interesting enquiry questions you have been investigating.
