

Year 5 travelled to Buckingham Palace for a very special drawing session on the lawn. We completed a range of drawing activities using different media, all while listening to a playlist of the King's favourite music! Miss Edmunds even danced for us so that we could practise capturing movement in our drawings!

Some of us became so engrossed in our artwork that we ended up with pencil lead all over our hands! After our session, we were lucky enough to leave through the front of the Palace, which was a brilliant way to finish such a memorable trip.

Year 5's trip to Buckingham Palace
