School Journey- Year 6

Year 6 had a week of trying new things and adventure at PGL's Osmington Bay centre. They took part in a whole host of activities, with a focus on team building. The activities included climbing, abseiling, raft building, problem solving archery tag, the giant swing and the zip wire. The Year 6 class made wonderful memories with friends that will last a life time and grew in confidence in trying something new with the support of their peers.
